# 9. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per section 135(5).

The Project Dialysis conducted by Fairfax India Charitable Foundation aims in providing affordable, quality dialysis services to patients in various parts of India where the services are limited/non-existent for dialysis infrastructure. The project was initially approved by the Board as a onetime arrangement with a contribution of ₹ 6.00 Crore, however, there was a delay in execution of the project due to delays in the readiness of dialysis centres that resulted in centres not being ready for installations of dialysis machines and these resulted in impeding the progress of the completion of the project as committed by the foundation at the time of sanctioning the fund. The Bank, hence, on request of the foundation, decided to classify the project as an ongoing project with an additional contribution of ₹ 1.79 Crores, which is expected to be completed on or before March 31, 2026.

The unspent amount of ₹ 7.79 Crores pertaining to the said ongoing projects were transferred to Unspent CSR account on April 17, 2025 which will be released in a phased manner up on receipt of request from the foundation or based on the progress of the project on or before March 31, 2026.
